Dante,

I would like my Regional Manager, Pat Keller, to make this call as well, but he is not available until 1130 PT. Is it too late to try and push this call back 30 minutes?

Thank You,

Travis P

Subject: Yerington - Enhanced Evaporation Dust Monitoring

Dante,

Attached are responses to EPAs comments regarding the implementation of Enhanced Evaporation at the Yerington site.

Please let me know if you would like to discuss or require additional information.

Arcadis is in the final stages of preparing the infrastructure and operation could begin as early as next week. I'm traveling and in meetings so please call my cell phone if you would like to discuss.

Thanks,

-jack
